EXPERIENCE

Internship: I did a 2 months summer internship at Dezinee in the field of Full Stack Development. Here we also worked on a project which is a website which converts a website image into a dummy website code.

Portfolio Website:
Exposure: HTML, CSS, JavaScript.
Built a Basic Portfolio Website showcasing skills in HTML, CSS and JavaScript.

Project:
Chatbot: I developed a chatbot project that uses natural language processing to assist users with real-time responses and task automation. The chatbot can handle a variety of user queries, offering personalized interactions and data-driven insights.

COMMUNICATION

Strong Communication Skills: Demonstrated ability to present and defend positions effectively, representing Ethiopia at a Mock United Nations conference.
Good with public speaking due to several personal experiences.

LEADERSHIP

Badminton Club (Lead Of Finance):	2023-2024

Managed the club's budget, ensuring efficient allocation of resources and financial sustainability.

ACM Club (App Dev Lead):	2021-2023

Managed app development lifecycle, coordinating between developers, testers, and stakeholders in the ACM
